Clearance, Seasonality and Data Quality

Retail Pricing and Markdown Policy, document 3 of 3, version 1.1

Example policy for the demo project. All amounts are in SEK. Price recommendations are advice to the pricing team; no price is changed automatically.

8. Clearance and seasonality

P-8.1 Clearance criteria

An item is on CLEARANCE when it has 120 or more days in stock and 26 or more weeks of cover.

P-8.2 Seasonal winter gear

Applies to: Outdoor. Winter outdoor gear such as sleeping bags and winter jackets is not marked down before 1 December unless its stock cover exceeds 26 weeks.

9. Data quality

P-9.1 Product identifiers

A GTIN must pass the GS1 check digit. Rows with an invalid GTIN are rejected.

P-9.2 Rejected rows

Rejected rows are not priced. They are listed in the report with the reason.
